Agreed-Upon Procedures Report
Gross Receipts Tax Collections
Quarter Ended March 31, 2022

Independent Accountant's Report

To the Commissioner
Department of Finance
Government of the United States Virgin Islands

We have performed the procedures enumerated below on the gross receipts tax collections of the Government of the United States Virgin Islands (the Government) for the quarter ended March 31, 2022. The Government is responsible for its gross receipts tax collections records for the quarter ended March 31, 2022.

The Government has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting in evaluating the Government's assertion that the Government's gross receipts tax collections for the quarter ended March 31, 2022, are accurate and complete. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. We make no representation regarding the sufficiency of the procedures described below, either for the purpose for which the report has been requested or for any other purpose.

The procedures and the associated findings are as follows:

1. We read Sections 43, 44, and 45 of Subtitle 1 of Title 33 of the Virgin Islands' Code, applicable to the imposition and collection of gross receipts taxes.
2. We obtained the monthly gross receipts tax collections for the quarter ended March 31, 2022, from the monthly "Unaudited General Fund Statement of Revenue" prepared by the Revenue Audit Division of the Government's Department of Finance.
3. We obtained from management of the Government, the First Bank (the Collecting Agent) account statements, which include deposits of the monthly gross receipts tax revenue collected for each of the three months in the quarter ended March 31, 2022.
4. For the quarter ended March 31, 2022, we obtained the "General Fund Daily Distribution Worksheets" prepared by the Revenue Audit Division of the Government's Department of Finance. We then added the total daily gross receipts tax collections as presented in the "General Fund Daily Distribution Worksheets" for each of the three months in the quarter ended March 31, 2022, and compared the sum of those amounts to the monthly gross receipts tax collections as presented in the monthly "Unaudited General Fund Statement of Revenue" reports and observed the following:

Gross Receipts Tax Collections

| <i>Month 2022</i> | Unaudited General Fund Statement of Revenue | General Fund Daily Distribution Worksheets | Difference |
|-------------------|--|---|-------------------|
| January | \$ 19,188,072 | \$ 19,257,803 | \$ (69,731) |
| February | 18,462,255 | 18,479,618 | (17,363) |
| March | 17,839,198 | 17,931,193 | (91,995) |
| | \$ 55,489,525 | \$ 55,668,614 | \$ (179,089) |

The Government has represented that the differences observed between the sum of the total daily gross receipts tax collections as presented in the "General Fund Daily Distribution Worksheets" and the monthly gross receipts tax collections presented in the "Unaudited General Fund Statement of Revenue" are due to checks returned by the banks for non-sufficient funds (NSF) that are reflected in the "Unaudited General Fund Statement of Revenue" as a reduction in the gross receipts tax collections. We compared the resulting differences presented in the above table to the total monthly NSF checks per the First Bank monthly statements, and observed the following:

| <i>Month 2022</i> | Total Difference From Above | Returned Checks Deposited in First Bank | Difference Unidentified by the Government |
|-------------------|--|--|--|
| January | \$ (69,731) | \$ (69,731) | \$ - |
| February | (17,363) | (17,363) | - |
| March | (91,995) | (91,995) | - |
| | \$ (179,089) | \$ (179,089) | \$ - |

5. For the quarter ended March 31, 2022, we compared the total daily gross receipts taxes collected as presented in the "General Fund Daily Distribution Worksheets" with the amounts deposited in First Bank (the Collecting Agent) as per the bank statements. Identified differences are documented in procedure No. 6.

6. We compared the total of the daily gross receipts tax collections, as derived from procedure No. 4, per the "General Fund Daily Distribution Worksheets" to the total amounts deposited in the First Bank gross receipts tax collections bank account, for each of the three months in the quarter ended March 31, 2022, and observed the following:

| <i>Month 2022</i> | General Fund Daily Distribution Worksheets | First Bank Account Statements | Difference |
|-------------------|---|--|-------------------|
| January | \$ 19,257,803 | \$ 19,280,208 | \$ (22,405) |
| February | 18,479,618 | 17,725,396 | 754,222 |
| March | 17,931,193 | 17,850,576 | 80,617 |
| | \$ 55,668,614 | \$ 54,856,180 | \$ 812,434 |

The Government has represented that the differences observed between the totals of the daily gross receipts tax collections per the "General Fund Daily Distribution Worksheets" and the bank statements were caused by the following:

|--|---------------------------|
| Interest earned during January 2022 | \$ 144 |
